NOTE TO: [REDACTED]

Joe:

STATINTL

1. This will confirm our conversation of the other day concerning [REDACTED] I talked with Harry Fisher on the question of whether we should have the committee ask us for comments on the private bill which [REDACTED] has submitted in [REDACTED] 25X1A STATINTL
[REDACTED] behalf. Harry feels that since we are committed now to helping [REDACTED] that we should do everything possible. Hence, he feels as I do, that we should ask the committee to request our comments.

2. I assume you will take the necessary action and that, in turn, we will receive the request.
